Login and Registration

Welcome to Megatrax! We want you to have a great experience with us, so we've put this little booklet together to help you understand how our site can serve you. We've added as many hyperlinks as possible, so feel free to click on the images and keywords to take you to the appropriate section of our website while you read.

To start, please go to www.Megatrax.com

On the Home Page:

Logging In: Enter your username and password at the upper right, then click . Your username is the email address used when your account was registered.

Registering: If you do not have an account, click “Register” to create one. Once registered, you are automatically approved to access a variety of services including project functionality and messaging through My Megatrax. However, you need to have an active contract with Megatrax in order to be granted download rights. Our staff will look up your registration info and, if you have an active contract, we'll send you an email once your download status has been approved. Otherwise, a representative will contact you. This process may take up to one business day.

Password Reminder: If you need a password reminder, you can use the “Forgot Password?” function, or contact us via LiveChat by clicking “Find It For Me”.

My Megatrax

Once logged in you will see the My Megatrax page. From here you can use our site to the fullest.

The screenshot shows the My Megatrax user interface. At the top, there is a dark blue navigation bar with the Megatrax logo on the left and several menu items: 'Browse Volumes', 'Search Tracks', 'Catalogs', 'Services', 'Company', 'Community', 'Support', and 'My Megatrax'. Below this is a sidebar with a dark grey background and a blue vertical bar on the right. The sidebar contains four menu items: 'Messages', 'Projects', 'Profile', and 'Preferences', each with a right-pointing arrow. The main content area has a white background and features a large blue heading 'Welcome to My Megatrax!'. Below the heading, there is a paragraph of text: 'This is your personal online account with Megatrax Production Music. On the left you will see panes for managing your account.' followed by a bulleted list of four items: 'The Messages pane allows you to send and receive messages to and from Megatrax employees', 'The Projects pane shows you your saved projects. If you had projects using the old megatrax.com you will find them here.', 'Profile allows you to update your personal information.', and 'Preferences lets you customize how you access megatrax.com'.

Here's what all the buttons do...

Buttons on the left:

Messages: Send a message to our Music Supervisors or Tech Support.

Projects: Store and organize your music selections in different folders for later use. You can create a **New Project**, **Delete** an old one, **Duplicate** projects, create an auditionable hyperlink for users outside the system and even **Send** a project to our Music Supervisors. In the PROJECTS section we'll discuss how you can **Print** the track list, **Export** it to an Excel file, or even **Download the whole thing** in one batch!

Profile: Change your password or other account info.

Preferences: Set a preferred file format for quicker downloading, choose a default screen for your My Megatrax setup, or select the default screen when logging in to My Megatrax.

888.MEGA.555 (888.634.2555) www.megatrax.com
7629 Fulton Ave., N. Hollywood, CA 91605

Buttons across the top:

Browse Volumes: Browse CDs by library. Click on the CD art to access the tracks within that CD. We'll talk more about that in the SEARCHES section below.

Search Tracks: Do a detailed search based on keywords, tempo, instrument types and more! We'll talk more about that in the SEARCHES section below.

Catalogs: Get a brief description of each catalog, then click View Catalog to go straight to that section under Browse Volumes.

Services: Report usage by filling out the License Application, learn about barter possibilities, see alternate music delivery options, and check out our Aircast Custom Music services!

Company: Learn about us, what we do and meet our team!

Community: See what's new, what's coming, and what people are talking about with our latest Megatrax Newsletter.

Support: Get technical help, assistance on LiveChat, see some FAQ's and info on how to contact us.

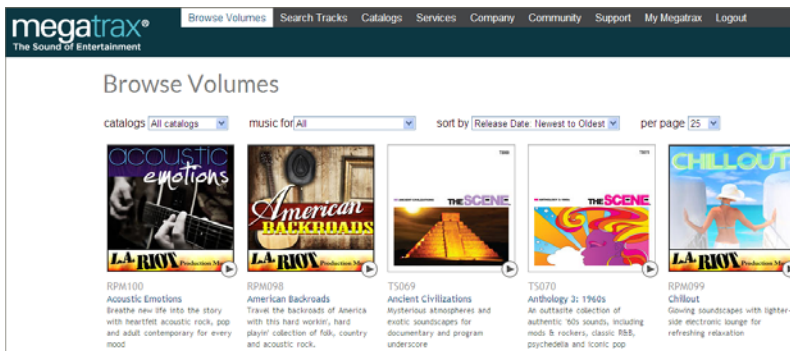

My Megatrax: This is your default screen once you log in. To change it, click Preferences on the left.

888.MEGA.555 (888.634.2555) www.megatrax.com
7629 Fulton Ave., N. Hollywood, CA 91605

Browse Volumes

Click the Browse Volumes button. In Browse you can sort by any catalog or see all of them. Narrow down to specific genres by using the Music For dropdown menu. You can also sort by release date.

Listen to each CD's montage by clicking the  button. Now click on the CD artwork to see the tracks inside.

Search Terms

Megatrax makes it easy to find that perfect track! >>

START BY SEARCHING:

Click on a keyword in the left hand column, or simply type a word into the Add Keyword field at the top of the page! ▲

Your choices will show up in the Search Terms box on the right. Click the x icon to delete a keyword and adjust your search accordingly!

From this screen you can search in several ways.

Buttons on the left:

These buttons give you the ability to quickly select [specific search criteria](#).

MegaHelp Tip: click ▶ to see even more detailed choices within each section!

MegaHelp Tips: Under the Action column you can click to listen, to add it to your project or to download it.

Click the arrow ▶ to see track details, writer/publisher info and to listen to more versions of the track.

Click in the Search Terms box to clear any term, or to start over.

888.MEGA.555 (888.634.2555) www.megatrax.com
7629 Fulton Ave., N. Hollywood, CA 91605

Be sure to use the “Sort By” dropdown menu, or click any heading to sort by that heading.

Buttons across the top:

The buttons along the top are for doing a manual **keyword** search.

Type in what you’re looking for, check off where you want the system to look and hit Search! You’ll see that the results are displayed just the same as before. In this example, we’ve put Blue Danube in as the keywords, checked the Track Title box and here’s what we get for tracks with Blue Danube in the title:

Results (210 matches in 6 libraries)

Library	CD#	Track#	Title	Description	Action
▶ INX	INX041	20	Blue Danube	Panoramic, German brass band & accordion	▶ + -
▶ MX	MX100	25	Blue Danube Waltz (J. Strauss)	Elegant Viennese favorite	▶ + -
▶ MX	MX247	1	Blue Light Special	Fun, bouncy pop w/ chugging guitars, retro organ & perc.	▶ + -
▶ INX	INX213	15	Blue Water	Energizing Ambient-Chill, calm pads, drums, positive atmo	▶ + -

MegaHelp Tip: Now combine both **keyword** and **specific search criteria** methods to get really specific!

Projects

Projects are folders that allow you to save multiple tracks in one place. This is a great tool to stay organized if you work on several projects at once, want to keep a record of old projects, or want to divide your track ideas into separate categories.

To create or manage a project, go to the My Megatrax page and click on the Projects button. You will see any projects you have created as well as the following buttons:

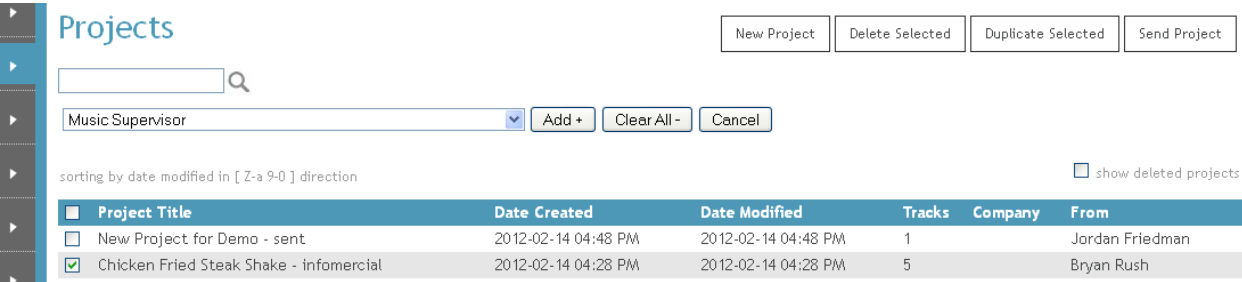

New Project: use this to create new projects

Delete Selected: a quick way to get rid of old projects

Duplicate Selected: get a head-start on a new project by duplicating the results of an already-existing project, then choose a new name for it.

Send Project: send your project to our Music Supervisors for help with a search.

Since the first three buttons are pretty easy to understand, we'll learn more about the Send Project button now. If you check the box next to a project, then hit Send Project, here's what you see:

In the drop down menu, find the Department you want to receive the project.

Click **Add**

Click **Send to User**.

888.MEGA.555 (888.634.2555) www.megatrax.com
7629 Fulton Ave., N. Hollywood, CA 91605

The project will arrive in their Projects list, and they will get a notification of it in their Messages box.

Now let's learn more about what you can do with projects.

From the Projects screen, click on the name of a project. This takes you to the Project Editor:

The screenshot shows the Project Editor interface. At the top, there are buttons: Link to Project, Delete Selected, Add from Project, Download Selected, Send Project, Print, and Export. Below these are form fields for Project Title (containing "New Project for Demo - sent"), Notes (a large text area), Company, User Project ID, Project Type (set to "Motion Picture"), Start Date, and Due Date. A "Total Tracks: 1" indicator is also present. Below the form fields, there is a "Last-saved: 2012-02-14 4:48 PM" timestamp and a sorting instruction: "click and hold mouse button down on any track row while dragging to sort tracks". At the bottom, there is a table with columns: Library, CD #, Track, Title, Description, Version, and Action. The table contains one track: TS, TS067, 1, Operation Pedestal, Heroic, triumphant brass theme w/ orchestra & punchy drums, Full Mix, and an action icon.

Library	CD #	Track	Title	Description	Version	Action
TS	TS067	1	Operation Pedestal	Heroic, triumphant brass theme w/ orchestra & punchy drums	Full Mix	 

Here are the buttons and what they do:

Link to Project: Click this and a link will appear. Send the link to someone else and they will be able to see this project and audition the tracks inside it. Please note: they will not be able to download from this link.

Delete Selected: Select a track and click this button to remove the track from this project.

Add from Project: If you wish to combine elements of a separate project into this project, click this button. You will be asked to choose which project to open, then click  to add each track you want to this project.

888.MEGA.555 (888.634.2555) www.megatrax.com
7629 Fulton Ave., N. Hollywood, CA 91605

Download Selected: This button allows you to download one or more tracks at once. This is a great way to download all tracks in a project in just a few clicks.

Send Project: If you want to send this project to our Music Supervisors, just click this button. Find the names of the Departments in the dropdown list, and click . Once you've added all the recipients, click . The project will arrive in their Projects list and a notification message will arrive in their Messages inbox. Please note: to remove a Department from the recipient list, click  before sending.

Print: Print a detailed, professional-looking description of each track contained in the project.

Export: This report sends a summary of all tracks in your project to an Excel file. The report includes Library, CD, Track, Title, Song Description, Version, Composer, Publisher, Keywords, Temp, BPM, Duration and Filename.

Downloading Quick Reference

Downloading tracks can be done in the following areas of the site:

- Browse Volumes
- Search Tracks
- Projects

Please review those sections of this booklet to learn the details.

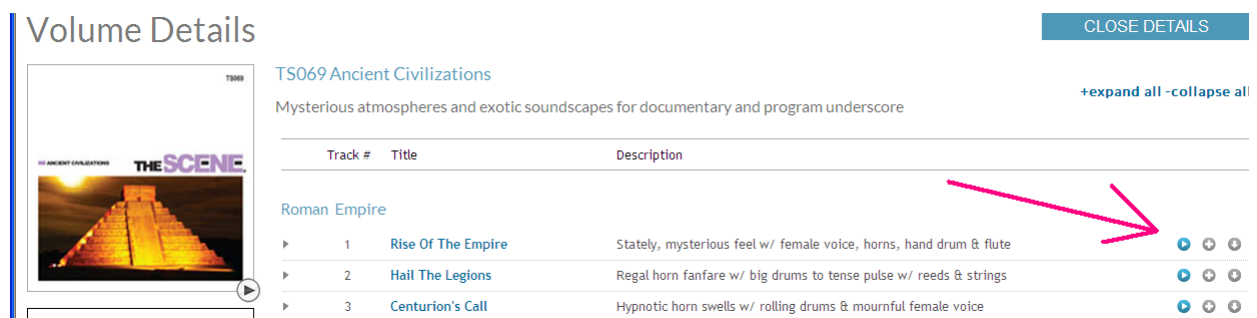

If you need to quickly download, go to one of the above areas on the site and find the track you need. Whenever you see a track title, the download button will be on the right along with other buttons.

Volume Details CLOSE DETAILS

TS069 Ancient Civilizations +expand all -collapse all

Mysterious atmospheres and exotic soundscapes for documentary and program underscore

Track #	Title	Description	
Roman Empire			
▶ 1	Rise Of The Empire	Stately, mysterious feel w/ female voice, horns, hand drum & flute	▶ ⊕ ⌵
▶ 2	Hail The Legions	Regal horn fanfare w/ big drums to tense pulse w/ reeds & strings	▶ ⊕ ⌵
▶ 3	Centurion's Call	Hypnotic horn swells w/ rolling drums & mournful female voice	▶ ⊕ ⌵
